

FIRST ANSOLE-CAMEROON NATIONAL CONFERENCE FOR YOUNG SCIENTISTS (ANSOLECAF 2016)

Theme: Renewable Energy for All in Cameroon

18-19 November 2016, University of Bamenda, Cameroon

A-Concept and Purpose

The **First ANSOLE-Cameroon National Conference for Young Scientists (ANSOLECAF 2016)**, on the theme “Renewable Energy for All in Cameroon” will take place in Bamenda Cameroon from the 18th to the 19th of November 2016 at Higher Technical Teacher Training College (HTTTC), University of Bamenda (UBa). ANSOLECAF2016 is a forum of exchange among various stakeholders seeking environment-friendly and sustainable solutions for the energy problem in Cameroon. The conference offers the opportunity to young Cameroonian scientists (at MSc, PhD and Postdoc levels) to present and discuss their recent research results with experienced scientists in the domain from Cameroon and elsewhere.

This conference is the first event in a series of conferences that will be organized regularly in Cameroon in this domain. For the first day, the participants will attend oral and poster presentations. The second day will focus on practical knowledge acquisition on PV systems.

B-Topics

We invite submissions of abstracts in all topics on renewable energies, sustainability, energy efficiency and related social aspects:
