

**Call for Applications - Deadline is August 01, 2016 - OFID Scholarships**

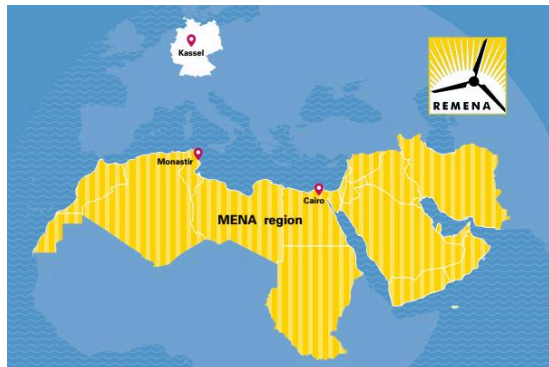

**M.Sc. double-degree program**

**Renewable Energy and Energy Efficiency for the Middle East and North Africa Region  
(REMENA)**

The Master program is a cooperation program conducted by three Universities:  
University of Kassel (Germany) – Cairo University (Egypt) – University of Monastir (Tunisia)

Ensuring sustainable energy supply will remain a crucial challenge in the coming decades and it is a main focus of German development cooperation. REMENA qualifies young professionals in renewable energy and development cooperation to contribute to the energy transition process by providing them with the necessary technological expertise and skills in languages, intercultural communication and project management.

Intake 12 of the accredited degree program will start in October 2016 in either Cairo (Egypt) or in Monastir (Tunisia), second semester will be in Kassel (Germany).

A limited number of OFID-scholarships is available for applicants from Sub-Sahara Africa under certain conditions.

For further details on the program, admission requirements, the application procedure and how to apply for a scholarship please visit our website at [www.remena.uni-kassel.de](http://www.remena.uni-kassel.de).
